92

AKEWOOD is a community of homes. So many times have the people of Lakewood heard this sentence, and so many times have they themselves repeated it, that they do not always think of its real meaning; but, familiar as the saying has become, it possesses a deeper significance than is at first apparent. Such a reputation is much to be desired for any city. As a matter of course, many business men who have their offices in crowded Cleveland have chosen Lakewood as the place in which they will establish their residences. They want to come home from the dingy business sections and spend their evenings quietly in pleasant homes surrounded by large lawns and shady trees. These men have built, not merely houses, but true homes. They take an interest in making their property more attractive with each passing year. Their dwellings are not large and pretentious, but . . . and this is certainly much more important . . . the people who live in them have an intense civic pride. They work to make their city outstanding among all others, one whose appearance draws admiration from everyone who passes through it. They regard their homes as their castles . . . and it is this spirit that makes of Lakewood a "City of Homes."

JULIUS E. WARREN

AKEWOOD HIGH SCHOOL and the more elementary schools under the control of the Board of Education, also are most peculiarly close to the lives of the citizens of Lakewood. Other cities have their factories, hospitals, and great public institutions af various kinds, whereas Lakewood has only its education system to serve as a bond uniting all the people. Since this is true, the officials and teachers of the schools have come to be among the outstanding citizens of the community. Thus Mr. Julius E Warren, in his capacity both as a private citizen and also as the superintendent of public schools, has been selected by the staff of the 1930 Cinema as typical of all the public-spirited citizens of Lakewood, Mr. Warren, a graduate of Dartmouth College, came to Lakewood from Springfield, Massachusetts. For three years he has been at the head of our school system and in the meantime has actively participated in various organizations of Lakewood business men.

..... Enter to Learn

HE one little log cabin that formed Lakewood's only school building a hundred years ago, today has expanded into a system of schools comparable to any in the United States, adequately organized to fill our greatest needs. The Briggs swimming pool, although it was completed only recently, has already been the scene of well-fought and exciting championship contests; the large athletic field is laid out to afford extensive opportunities for the teams that are always in training; and the equipment in the class and laboratories includes all the material that is necessary to teach most effectively. It is satisfying to realize that our late high school principal, Mr. Claude P. Briggs, was among the founders of the National Honor Society, a group to which only students with excellent scholastic records are elected, and that this school is also a pioneer in establishing concentration study halls. Lakewood High School dees not claim to be a preparatory school, but it takes pride in the fact that so many of its graduates go on to college, succeeding there and later on, in their business or professional careers.

LAE CLASSICISM

HAT kind of person can we call an outstanding student? With what adjectives may be be described? Certainly he should be honest, for it is only by honesty that he can gain the confidence of his associates. Loyalty keeps for him the friends whom his genial personality has won. His excellent scholastic record commands for him the respect of everyone, but admiration, to him, should be not a goal but an incentive. A boastful leader is unbearable. The outstanding student must, in school, be a good citizen of his school. By a vote in all the classes, the pupils of Lakewood High School have chosen Carl Cunningham as their most outstanding student. In addition to being president of his class 'arl held offices in the Glee Club, the Student Council, and the Newton Society. The Hi-Y and the January Honor Society were glad to have him as a member. He was one of the managers of heavyweight football through a successful season. Carl fulfills to the greatest extent all the requirements for success, and for that reason has deservedly won the esteem of his fellows. He is one of the boys who will succeed in the school of life.

ALMA MATER

Lakewood High, we're proud of thee All allied in loyalty, May thy counsels ever be. Within our memory.

Chorus:

Hail to thee.
O Lakewood High.
Thy dear name uphold.
We shall ne'er forget
The Purple and the Gold.

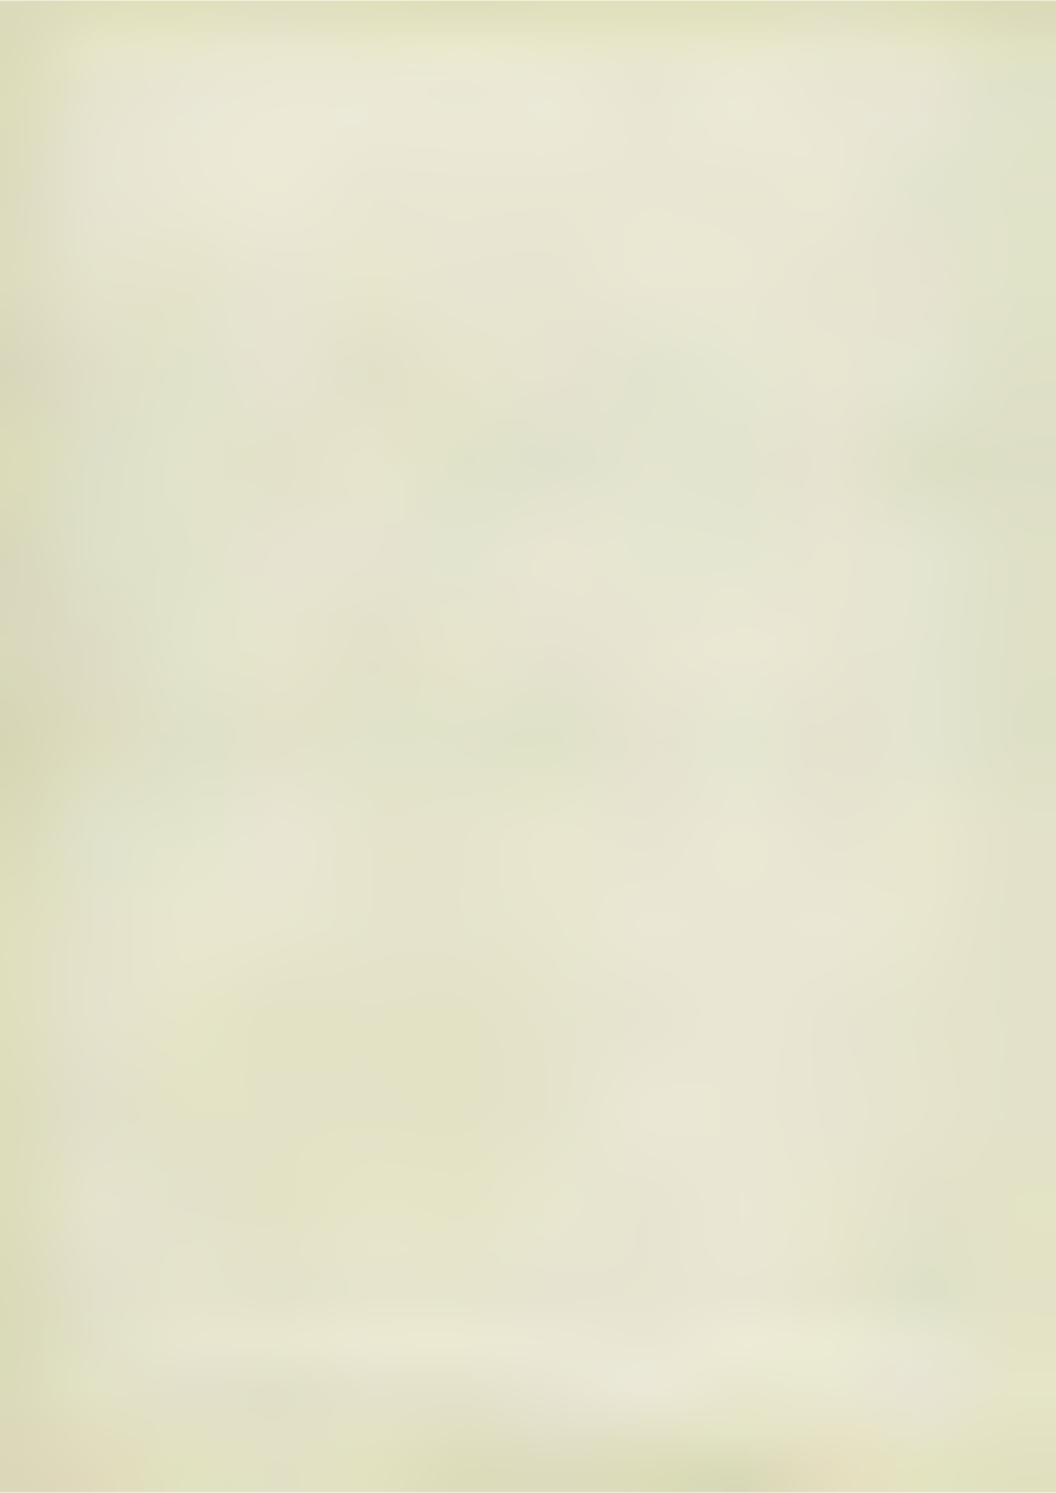

Honors then to Lakewood High.
May her fame reach to the sky.
May we always heed her cry.
To bravely do or die.

The administrators, Mr. Mitchell, principal; Miss Pengelly, dean of girls; and Mr. Meeks, assistant principal, work a great deal "behind the scenes." Though sometimes their influence is not felt directly, we do appreciate their friendly deeds, their interest and their helpfulness. Miss Humphreys, Miss Emery, and Mr. Bixler are the senior advisers, encouraging and spurring on one until the very last day.

We find much for our school artists to do, and they are always more than willing to be of help. Under the direction of Miss Garrabrant, department head, and Miss Barkley, they make the beautiful advertising posters which we see in the halls. They have also decorated a delightful new art office for their own use.

Lakewood has not forgotten the three R's, "readin', writin', and 'rithmetic," among all its various other courses. Our 'rithmetic classes are well filled by students who are taking the required units in geometry, and those who have elected higher mathematics in preparation for more advanced work after they have graduated.

THE BAND

Did you enjoy the operetta that was presented last winter, or the band music at our football games? Mr. Barr, the head of the music department, directed the singing in the operetta; Mr. Jewell conducted the band and the orchestra. We have them to thank also for many of our delightfully entertaining assembly programs.

SCHOOL DAYS

The time of life you have no lass In classes, no, you never sass. Cute as hops, but green as grass, You Freshie!

Then life gets cruel, you don't feel gay, You study some from day to day And hope that soon it will be May. Poor Soph!

Old time draws on and bit by bit You realize you'll soon be "It," And think the Sophomore is a wit, Kid Junior!

You strut and walk with haughty air.
Through ancient halls, you look so fair.
What will they do when you're not there,
Oh, Senior!

Who brings cheer when class is dry?
Who makes the noise and can get by?
Through corridors he'll wink an eye.
The Janitor!

Last come the Monarchs of the High,
Who rule with iron hand; oh, my,
Predict you failures, good Lord, oh, why?
The Teachers!

-Elmer Gulick.

10-B Boys

The junior high schools of Lakewood have sent us a new 10-B class, one ready and eager to enter into our school life. They have been leaders in the various schools from which they came, and they are sure to be the same kind of students here. Dick Hack is honored by them as the most representative boy.

10-B Girls

The 10-B's haven't as yet had much opportunity to display their prowess. but they give promise of great success. Already some of the class members are taking their places in our school activities. One of these is Vivian Rogers, She is the girl whom the others of her class have chosen as most outstanding.

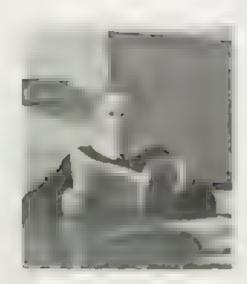

Page 33 1

10-A Boys

Gordon Scott is the representative 10-A boy, and he is truly representative, especially in that he started to work in one or two clubs as soon as he came to the school, almost before he was fully settled. The 10-A's are all winning praise from the faculty and the rest of the students for their ability and willingness.

10-A Girls

The 10-A's during their first semester in high school have accustomed themselves to all the habits and rules: now they are beginning to look around them, finding out just what extra-curricular activities they will enter. The 10-A girls have chosen Marie Welf to represent her class as its most outstanding girl.

JUNIORS

11-B Boys

Jack Liffiton, the typical boy of this class, is one who has gained an excellent reputation both in athletics and in the schoolroom. The 11-B group is distinguished by such people as he, and it is only natural that the class, because of this, is achieving honor in everything it takes upon itself to do.

11-B Girls

The people in this class have already attained enviable reputations around the school. Almost any afternoon one can find them participating in the various club meetings. Last year, Lucille Dorn was outstanding in her class and again this year she has reached the position of the chosen all-round girl.

11-A Boys

Last year we heard some about the 11-A class; this year we hear much more. Everyone knows that the 11-A's are an active and popular group, and everyone is glad to be a friend of the members. Milton Bobey, its outstanding scholar and all-round student, was elected the most typical boy of his group.

11-A Girls

The 11-A's have made their influence felt in all the classes and activities of the school. They have already reached the place where they accept positions as leaders . . . officers or committee workers. Do you know Ethel Cooke? Twice she has been chosen the most outstanding girl of the class.

Page 1

SENIORS

12-B Boys

The 12-B class may well be proud of its good record, just as Elmer Harp, its outstanding boy, may be glad of his. He is treasurer of the class, and Dave Rimmel is its presiden. The 12-B's have long ago proved their value to the school and established their general credit beyond all doubt.

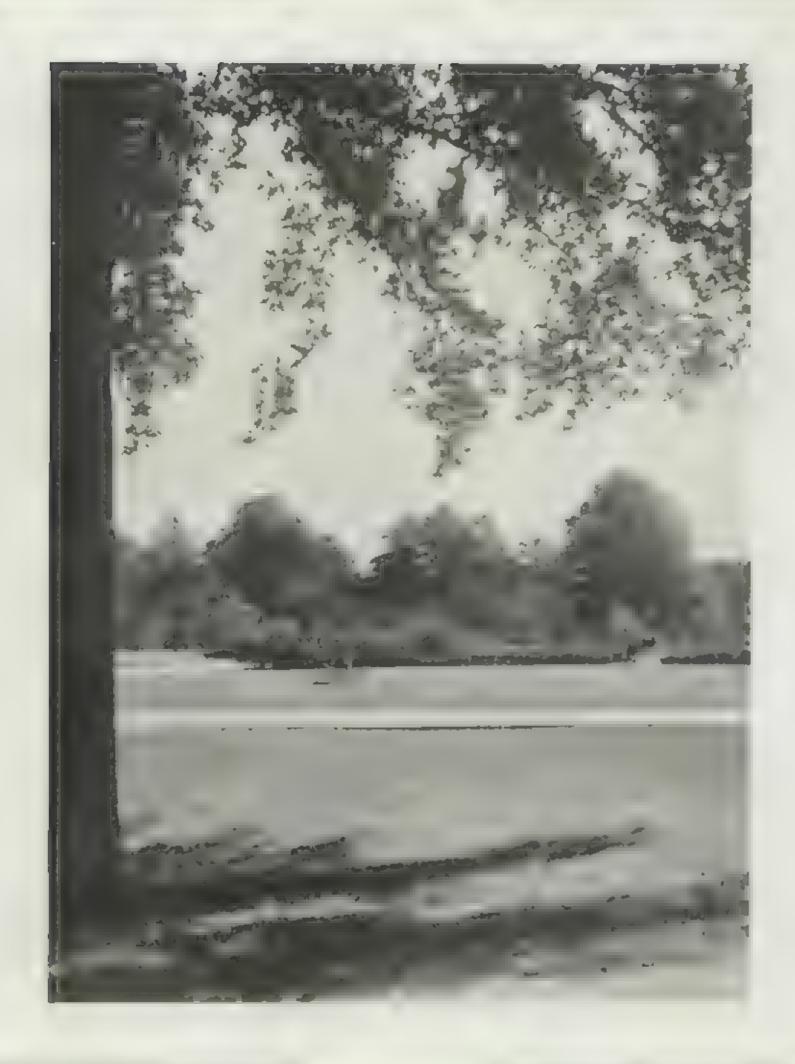

12-B Girls

"We're almost there, folks!" The 12-B's will soon be graduating, and the shool will certainly miss their of eas. At the head of the list of girls is Ruth Hart. She seems to have no trouble at all in acquiring A's, and is well liked. Marian Morris and the extension of the class of the class.

CARL CUNNINGHAM

The January Class

CARL CUNNINGHAM, President, by virtue of his smile, has won his position as outstanding student.

ELIZABETH TRATZMILLER, Vice President, assumes the position her leadership has brought her.

MARJORIE COOK, Secretary, with her winsome manners and easy charm, is one of the best-liked girls of her class.

ALBERT BECKETT, Treasurer, with his spontaneous enthusiasm, makes friends of everyone he meets.

Twenty-five years ago people would have laughed at the idea of a club organized for the study of airplanes and flying, yet today the Aero Club takes its place with the other older organizations of our school. The club members have very interesting meetings which are also beneficial in that those students have become quite skillful at building and flying model planes.

Arrow

Because the Arrow is published in magazine form and because it is issued only once a month, it is able to include features of a different kind and better quality than we find elsewhere. Many new and clever additions have been made this year, so that we certainly are looking forward to Arrow Wednesday with even more pleasant anticipation than ever before.

Three cheers for the band! It was present at all of the football games and helped us to win some of the fine scores that we had during the past season. No sight is able to arouse or inspire us with school spirit so much as the band, dressed up in their uniforms, marching across the football field. Whenever they strike up our school songs, old and young alike join in the spirit.

The Barnstormers' annual program contains at least one long play, a full evening's entertainment, and one short play, produced in a half-hour for assembly. The three-act plane no matter whether they are comedies or tragedies, always hold the rapt attention of the audience, and everyone who saw it last fall know that "Grandma Pulls the Strings" is a delightful piece of playwriting.

The membership in the Debate Club is composed mainly of those students who make up our interscholastic debate team. Each winter our debators contest with all of the other teams from the Lake Erie League schools. In addition to their excellent work, with the school always encouraging them, they have had some very successful seasons and have won many laurels.

Of all the varied activities at Lakewood High School there is none that serves the school and the students more completely than the English Council. It conducts the spelling contests each fall; prints the English Councilor, a small grammar instruction book; and maintains an English tutoring committee, which is made up of some of the finest of the members.

According to those who should know, the 'French Club' is really "Le Cercle Français." As its name indicates, the club meetings are conducted in French, and there is never a boring moment if one understands the lectures and other features of the programs. Beautiful pictures are even shown for the benefit of those who may, by chance, be unable to comprehend all that is going on about them.

"A friend in need is a friend indeed." Our Friendship Club is certainly a club of friends. This year on Thanksgiving, it sent to poor families baskets of food to which each girl in the school contributed her share. It has the true Christmas spirit, too, for every year several poor families are given the cits without which Christmas would not be Christmas to the little tots.

The Boys' Glee Club is another organization that made the production of "The Marriage of Nannette" possible. A few of the members played principal parts and the others sang in the chorus. Several times we listened to assembly programs presented by the Boys' Glee Club. The Boys' Glee Club can boast of as large a membership as any other boys' club in the school.

The Girls' Glee Club is very active and has long since proved its worth to the school. This year the club, together with the other musical organizations, very successfully undertook the stupendous task of presenting an operetta, namely, "The Marriage of Nannette." Students with talent are allowed to express themselves in this way by means of participation in the many choruses of the Glee Club.

This recently organized club is growing rapidly because of the ambition of the students of German. Its aim is to stimulate interest in the German language and to make the course a lively and enjoyable one. Lakewood feels qualified to start a League of Nations with all its language clubs as charter members. At the club meetings there have been talks on interesting German subjects.

If the Hi-Art Guild should adopt as an aim the beautifying of our school, it should certainly succeed, for it is always making beautiful things. No prettier Christmas cards can be found than those made by the Hi-Art Guild, and the stage settings which they have designed and painted have proved effective and striking. This club is an aid in promoting proper appreciation of art.

The students who take commercial subjects such as accounting, typing, and shorthand have banded together in the Hi-Commercial Club, for the purpose of studying the business world. Although the Hamilton Society is primarily interested in history, many of its meetings are devoted to programs based on important current events. The club members have listened in their meetings to such well-known and worth-while speakers as Mrs. Goldenbogen, Judge Mary Grossman, and eminent Cleveland bankers. These meetings are of great value to the students.

High Times

The High Times keeps Lakewood in touch with itself. With our large attendance we need a newspaper to spread the news of the school and give everyone a common interest. The High Times is known all over the United States for the excellence of its articles and management. The publication of this paper is a valuable experience for the staff, developing their journalistic ability to the highest.

High Times Representatives

The High Times representatives are the people who are elected in their respective home rooms to attend to the distribution of our weekly newspaper. Every Friday morning, every week in the school year, they are on the job, Responsible at all times for the success of the sale of the High Times, they are instrumental in conducting the semi-annual subscription campaigns, and in circulating special editions at the most important football games. It is not necessary to say that the High Times representatives are all worthy of the confidence we place in them and that they always fill their positions to the best of their ability.

Ancient civilization when "all roads lead to Rome" is the subject of much discussion with the members of our Latin Club. Our Coaches

HERE are several men who are seen frequertly walking through the halls of L. H. S. very well known to the athletic world in and about Lakewood. They probably have received too little credit in the past years in accordance with the teams that they have produced. You know, without a doubt, that we have reference to our wenderful and successful conclude staff, namely. George D. Corneal, director of athletics, and has supporting body.

In the past there has been mentioned time and again the wonderful track, football, basketball tenn's, and swimming teams, but very lattle has been said about the coaches. The credit they deserve is very great, and more people would realize this fact if they were to watch the practices of the various teams that work night after night until 6.30 and nony times later. They have wornes as great as the members of the teams in regard to eligibility cards, etc. On frequent occasions the coaches may be seen patrolling the halls in search of various students to see that their work is satisfactory. Besides this job, they also have their regular classes to look after and must make preparations for the next day's work.

One can see from the few above instances that have been related, that the coaches have a tough count timing out the winning terms that have dominated the athletic history of Greater Caveland for years. Therefore, we the members of the staff, want to take this opportunity to crighatulate each and every the of them for his great success in the past and hope that will be as successful and more so, if possible, in the future.

JOHN SUTTER (Captain and Quarterback) - Johnny has just finished his third year. He is known as "tripple threat" man, one who can kick, run, and paequally well. His performances in the Shaw and Heights games will always be remembered.

CHARLES BERRY (Center)-"Chuck" made use of his 165 pounds to bolster the center of the line. His was a good defensive game, but on the offensive as well he was a dread menace to his opponents.

JACK LIFFITON (Fullback)-Jack is one of the most promising sophomores to come to Lakewood in several years. He hit the line with all his force, and that was enough to knock down anyone who happened to be in his way. We should keep our eyes on Jack next year.

WARD MASON (Halfback)-If one is to believe the old legends, dwarfs were more powerful than fullgranner 'Prace' made of for his tack of size it his indomitable courage. He was an extraordinary passer and dropkicker.

WARREN BLANKE (Halfback)-Continuing his track successes on the gridiron, Warren was easily one of the best younger players in Greater Cleveland and for a time one of the leading scorers in the district. He excelled in broken field running and long end runs.

EDMUND FORDING (Guard)—Ed is following in his brother's footsteps, even in so far as playing the same position is concerned. He was not one of the regular men, but there were few games in which he did not do some good work.

ROBERT CUNNINGTON (Guard)—To say that a man played a steady, consistent game is to say that he played well. "Doc" had an excellent season at guard, especially on the defense, where his weight and size made him a dangerous man.

ALBERT MOENICH (Tackle)—This short and husky player made our team look like the steam roller of old. Last year Al was a sub and so gained the experience which helped him to make such a brilliant record this year.

ROBERT SEIFERT (Tackle)—Bob, who is one of our honor students, showed that he plays football as well as he studies. He put his very heart and soul into the game and played with such vigor that he seldom missed his man when he tackled.

FRED HYMAN (End)—It seemed to be Fred's hobby to get his man regardless of how he upset the other players. He knows football from A to Z, and, because of his hard and steady game, is fine all-scholastic material.

JOHN MIKULUK (End and Tackle)-John is one . . He standbys, for this is not the first year that he has helped Lakewood to win its victories. The sight of John as he made difficult tackles chilled the arts of his opponents.

ROBERT SQUIRE (End)-After Mikuluk had been moved to tackle, "Bob" took the vacated end position. He was at a disadvantage because of this late start, but Thanksgiving Day he thrilled a cheering crowd by recovering a fumble and racing seventy yards for a touchdown.

FRED HALEY (Guard)-Fred was the largest man on the team and one of the strongest—a veritable tower of defense. His experience in playing at his position made him capable of making the most of eyery stuation.

this year should make him very aggressive next season.

ROBERT DELFS (Center)—Bob, although not playing regular this year, was a very valuable man. His ability to play either center or tackle made him very useful whenever called upon to substitute for one of the regulars.

WALLACE GROSSMAN (Halfback) — "Wally," though somewhat handicapped by lack of weight, played an excellent brand of football when in the lineup. His best work was on defense and this was shown in the Akron North game.

WILLIAM TECKMEYER (End) — After having been unfortunate last year through the breaking of a collarbone, Bill came back this year to show some excellent form. He had two good men to compete with for regular positions and performed well when in the game.

CHARLES INGALLS (Backfield) — "Chuck" has been a faithful student to the well-known American sport. He has practiced almost every night, for three years, and though not quite as fortunate as others, he has stayed with them until the end.

Football Lightweights Have Successful Season

KINSMAN LAMB (Captain)—Much of the fight and punch on the line was provided by Captain "Kimmy who spent the season for the most part at tackle. On several occasions, however, he was called to backfield, where his weight and ability were used to gain yardage.

Whith I.ANG.—Wesley was both the smallest and the peppiest man on the squad; his exhortations and advice to the team could easily be heard on the grandstand. He was a very competent quarterback.

STEPHEN HORVATH—"Steve" was undoubtedly the best plunging halfback in the league. He hit the line like a battering ram and was able to keep on his feet after plunges, all of which resulted in many long gams. His work against Shaw and Lorain was superb.

ALLEN NEFF—The lighties were greatly handicapped when "Al" was taken from the team because of ineligibility. However, since this was only for part of the season, he showed himself to be an excellent broken field runner.

THOMAS WARD "Tom" finished his second big year with the lightweights—a year in which he excelled in all work, especially in punting. His best effort was a run of 75 yards over the Heights goal

line. We consider him the best punter and one of the best passers in the league.

WILLARD SCHULTZ—"Willy" was a fighting linesman who always played well. His best work occurred, however, in the Cleveland Heights and Madison games. Willard graduates this year, and the coach will have to look far for one who can play his posttion as well as he played it.

JOHN NIXON—During his last season of football on Coach Gies' team, Jack was a regular guard. His work was not outstanding nor spectacular, but it was steady and to be relied upon. Jack was truly deserving of his letter.

JOSEPH HORVATH -"Joe" is following in his brother's footsteps as far as ability is concerned, but he does not play in the same position. His work in the line is as good as "Brother Steve's" in the backfield. The coach will not have to worry about Joe's

THOMAS RAMSAY—"Tod" stepped in and played a creditable game at the position left vacant by the injured "Matt" Grove. He excelled at breaking through the line and blocking his opponents' punts.

HARRY BURKETT—"Red" was best as a defensive or blocking halfback, but a gain usually resulted when he did carry the ball. His berth will be left open next season, for he will graduate this year.

HAROLD YORK—Almost as small and almost as peppy as Lang. "Hal" did some good work in the backfield. He returns to the squad next year and will be a valuable man, no doubt.

JOHN KRANTZ—Although "Jack's" long legs and arms occasionally got in his way, they especially fitted him for a position at end. It was uncanny, the way he caught seemingly uncatchable passes.

SHELDON TIBBOTT—The Heights game had one hero in "Shel." His unusual work as tackle on that hot Saturday marked him as a "coming man." The school is looking forward to Sheldon's future success.

CLIFFORD TUNBERG—Coach Gies used "Whitey both on the line and in the backfield, with equal sucin both positions. If Clifford keeps on as he has begun, and that he will there is no doubt, he will be a star during his remaining year at Lakewood.

DON PEARSON—Don played most of the time at end, where his height made him a dangerous man-dangerous for opponents. If steadily increasing weight does not take him from the team, he will be a certain star for the 1931 season.

PHARMER RG

EMORY KASWELL—"Em" took care of the other end of the line during most of the season, and he did it well, too. He was one of the best men in the Lake Erie League at the flank position.

JAMES MONAHAN—Although he was not a regular or a star, Jim has earned his letter by his three years of hard and earnest work on the squad.

CHARLES GADD—"Chuck" was a handyman. The coach used him at several positions with equal cess. If hard work is deserving of reward, "Chuck's" letter was merited

PEARSON KASWELL

OR many years it has been the custom of followers of Lakewood's football teams to call the season a success if West Tech is beaten in the annual Thanksgiving Day game, and so, according to them, the past season was a success, even if Coach Jerry Ross' outfit did win but four, lose the same number and tie one.

The season opened with the usual warm-up victory over John Marshall, with a 34 to 0 score. However, as Marshall's season was marred only by this victory and a tie with River, this was not such an easy team to beat. The next Saturday the locals journeyed to Akron North, who defeated them 13 to 7 in a decided upset.

The other bright spot of the season came the following week. Youngstown South, undefeated by Lakewood for four years, and defeated but once in the last three, was nosed out, 7 to 0, in a thriller on Lakewood's field.

Elyria provided another upset when they held the purple and gold to a scoreless tie on the Lorain county field. And then, before a great crowd, Lakewood lost to the undefeated, unscored upon Heights eleven, after carrying the fight into Heights' territory and almost to their goal line during the first half. Homecoming Day was the scene of another loss. After a see-saw fight till the middle of the last period, the locals failed to break Shaw's three-year jinx, losing, 6 to 0. Lorain, the next week, was a little too much, and won, 14 to 6.

The season closed with the victory over Tech. Played on an ice-coated field, and in a snowstorm, Lakewood pushed over one touchdown, and Squire intercepted a short pass to race 65 yards for another, to whitewash the Carpenters, 12 to 0.

Coach T. P. Gies' lightweights enjoyed but a partly successful season, although there were some spots which made it stand out quite well. These were the 2 to 0 defeat of the strong Madison varsity, and the holding of the Shaw lightweights, one of the strongest midget teams in the state, to a victory by the same score. Previous to this game, the East Siders had rolled up 173 points to their opponents' nothing, and although the purple failed to cross their opponents' goal line, they came far closer to it than any other school, and kept Shaw constantly in fear of defeat.

The season opened with an easy win over the West Tech lightweights, 26 to 0. All three Lakewood teams saw action during the game. The lighties next went to Mentor, but lost a hard battle on an extremely hot day. The score was 13 to 0.

Rocky River fought hard, but the locals were too strong, and won, 16 to 0. Then, Elyria, supposedly weak, rose up and held an apparently vastly superior team to a 6-6 tie. Heights, previously swamped by River, also surprised by edging the lighties, 18 to 14. The Madison and Shaw game followed, and the season was closed with a 19 to 0 victory over Lorain. The lighties finished second in the Lake Eric League standings.

Throughout the season, Steve Horvath, Wesley Lang, Tom Ward, and Tod Ramsey were the outstanding players.

Tennis Team Wins Every Match and Title

RALPH STATEN (Captain)—Ralph, who was a first singles man, always played a stendy game. Since this was his third season he was our most consistent player, and was well fitted to be captain of our tennis team.

HOWARD PRESTON—This unconquered player, who went by the name of "Howie," ha a fine and to present. Only once did an opposing player come near beating him, and "Howie" soon put him in his place.

NELSON CURTIS—"Nel" played first doubles with Harry Hewitt in a combination that proved invincible. It was always a joy to watch Nelson's wonderful playing, and he was one person in whom no one was ever disappointed.

HARRY HEWITT — This other member of the doubles team never failed to play his part. Harry, playing an especially good net game, proved his worth on all occasions, It is too bad that such a good team must be broken up by graduation.

CHARLES DAMEL—"Chuck" was a semor, but this was his first year on the tennis team. Becau e of his inexperience, his playing was sometimes quite

to men

CURTIS

erratic, but he always recovered his steadmess in time to win the game in which he was engaged.

HOWARD KEELOR—Although "Howie" was handicapped by a bad knee, his playing was always a credit to the team. He was the second singles man, and it was seldom that he let an opponent win a game without a great struggle.

JOHN GOEBEL—Johnny, one of the smallest men on the team, made up for his size, or lack of it, in driving power. Many times he rallied when he was hard pressed and surprised his opponent with some hard and well-placed shots.

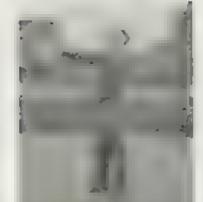

I.I.OYD McCRODEN—This was the first season of tennis for "Mac," and consequently his playing has not developed consistency. In spite of that drawback, however, many times he helped his team and turned almost certain defeat into victory.

GERALD STINEHART—"Jerry" displayed a remarkable brand of tennis throughout the schedule. Though not participating regularly, he seemed to steady his partner when playing, and in this way was a great help when the team appeared to falter.

UR tennis team has again brought us the league championship, which makes the fourth consecutive Lake Erie championship that has come to Lakewood. As you know, last year they won for the third time the championship, and, incidentally, permanent possession of the tennis trophy. This year's team has again started in search of the new cup, and if in the next two years they continue their good work they will have established an envious record.

Last year they accomplished a feat which seemed almost improbable by winning 23 out of a possible 25 matches, but this year they even bettered that record by winning 25 matches which were all in league competition. A few times during the season it looked as though this record might not be established, but as was expected, the boys pulled themselves out of the hole and emerged victorious.

Captain Ralph Staten met some very good men in the course of the season and it looked very bad for him at times, but he managed to steady himself in time to win the set, which usually resulted in winning the match. He was supported by some very capable men, such as Keelor, Damel, Curtis, Hewitt, and Preston. Keelor's work is also deserving of mention, as he played most of the season with a "trick" knee, which handicapped him greatly, but which was good enough to defeat all other league opponents.

"Howie" Preston, one of the smallest men ever to represent Lakewood in tennis, played a good, steady, and easy game. He also will graduate this June, and it will be difficult to fill his vacancy satisfactorily.

With most of this year's team graduating, it does not look very promising for next year, but we hope Coach Wernicke will be as successful as in the past and continue the winning streak which has been running for several years.

Basketball Heavies Win Ten, Lose Eight

RALPH STATEN (Captain) Ralph was probably the smallest guard in the league. This, however, was not a handscap to him, as in most cases. He was a fast, clever, and shifty p'ayer, and though he graduited at mid-remester, so one of the city's leading scorers.

JOHN SUTTER (Guard) Johnny completed his third year as a member of the very ty and will not be soon forgotten. He was very con stent and came through several time in a pinch. He employed somewat rough tactics at times, but placed with his heart and soul in the game.

JACK LIFFITON (Guard)—Jack, who is not new to the people of Lakewood, played a stern and conscientious game. He displayed at all times on the court the calmness which was shown on the gridiron. Jack will be back again next

FRED HYMAN (Center)—Fred was somewhat handicapped early in the season by an infected at but once over this he proved his worth to the team. He played splended ball all year and his last-minute basket defeated Akron North by one point.

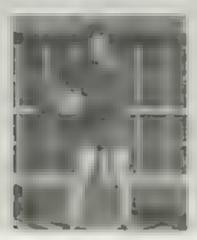

WALLACE GROSSMAN (Forward)—Wally, playing his first year on the varsity, showed he deserved the position. He was a very good shot and could

JOHN MIKULUK (Center)-John again had a battle on his hands in trying to win a varsity berth. He was not quite as successful as on the football field, but filled Hyman's shoes very satisfactorily while Fred was out of the game.

THURSTON SHOCKEY (Guard)-Although not playing as a regular, he helped to bolster the team when it was on a down grade. He was a very dependable player and guarded very closely while in the game.

HAROLD WEISSINGER (Guard)-Weiss did not come out for the team until mid-year, and he then showed a real knowledge of the game. His style of play fit perfectly with the rest of the team and his best performance was holding Hendricks scoreless in the Heights game,

HARRY BURKETT (Forward)-Harry, who was a member of last year's lightweight team, did not report for practice until the season was half over. He immediately proceeded to be a main cog in the wheel and through his efforts several games were

CHARLES DAMEL—Also a center, and second only to McCroden in ability in this position. Although not sure-eved in his shots, his work on defense and ability to get the jump made him a valuable man

CLIFFORD SMITH—After a slow start, in which it appeared that he would be only a mediocre play." Bus" developed into one of the outstanding guoranthe league, besides being an expert on long shots from the middle of the floor.

FRANK FEIKLOWICZ—Although seldom an outstanding star, "Feik" was the steadiest player on the team, and refused to get rattled, no matter how close the game. The fact that he will be with the team for the next three semesters is one of the

EARL WILSON—Spending much of the year at forward, Earl was one of the steady, capable players which made up the lighties quintet. Like others, he was not a star, but his dependability was most helpful. His work in the second Heights game was about his best.

ELWOOD HINKEY—Another forward, and a good one. Not any spectacular efforts, but hard and steady work, were the reasons for his being awarded heletter. His second Heights game was about his best.

JACK NIXON—In his third year of service on the lightweight squad, Jack added another letter to his growing string, with his work at the guard position. His work on the defensive side of the game was the more outstanding.

JAMES FITCH—Starting his first year, another member of the family which has given several athletes to Lakewood, established for himself a position

at guard for the coming two seasons.

BOB MANN-Last year Bob won the second Shaw game with a last-second long shot, and though he was not so fortunate in winning games single handed this year, his same long shots helped the "lights" on several occasions. His work in both Lorain games was his best.

AKEWOOD'S heavyweight basketball team wound up its season by losing to Canton McKinley at Akron in the semi-finals of the state tournament. Coach Ross and the team put forth a great effort at the end of the season in order to develop a winning combination.

The team was hindered throughout the season by successive periods of bad luck. Early in the year Hyman was out with an infected arm and as soon as he came back the team was hit with ineligibility. Then they started off on the right track again only to lose two men at graduation. After this Coach Ross had to practically start the season all over again, working on a new combination. During this time, Lakewood dropped three successive games, to Shaw, Elyria, and Lorain.

The regular lineup was then decided upon and consisted of Hyman at center, Burkett and Grossman at forward positions, and Liftion and Weissinger at guards. The second half of the season was much more of a success than the first part, and by means of this steady co-operative combination, Cleveland Heights and Akron North were defeated.

In the state tournament, Lakewood was conceded little chance to advance past the first round, but the boys played wonderful ball, and defeated Conneaut, Ashtabula, and Massillon. Thus they earned themselves the right to go to the semi-finals at Akron.

The team as a whole and Coach Ross should be commended on their attempt to give Lakewood a winning team and their success in this.

Although Coach C. J. kluckhohn's lightweights did not have an outstandingly successful season when victories are considered, it was not for lack of fight and good sportsmanship.

They broke even in wins and losses, having seven of each to their credit. Of the league games, they won four out of six, finishing in a tie for fourth place.

Too, when it is considered that all of their outside games were with varsity teams, and that they lost but one of these, their showing was even better than average.

They started fast, and aided by the spectacular work of their captain and center, Lloyd McCroden, they defeated four tough teams before they were stopped, in a very fast encounter, at the hands of Lorain. The margin of defeat was but two points here.

After that, although they lost several more games, all were by margins of but two or three points.

The most spectacular game of the season by far was the second with Lorain, which went four overtime periods, Lorain finally won by three points, 26 to 23.

Lone Point Keeps Swimmers from Title

EDDIE LAMB (Captain and Diver)-After a long and eminently successful season, in which he defeated many of the best divers in the district, and did much to add to Lakewood's scores, Eddie put up a great fight in the district finals. He will be one of the biggest factors in the team's success next year.

WADE FISHER-"Bud" finished a long and successful career at Lakewood by winning the state title. During the season he was beaten only once, and that early in the year. In the preliminaries of the state meet, he established a new record for 75-foot pools by winning the 100-yard backstroke event in 1:11,1.

BILLY ROBERTSON-A 10-B, and a state champion in his event. Bill finished up a triumphant last semester of activity by nosing out Horgan in the state meet to win the title with the new mark of 1:17.4. He, too, should be one of the mainstays of next year's team, and more to come.

ROSS DIX-Dix spent the early part of the season trying to match his performances of last year in the 220, and then discovered he had ability in the backstroke. He finished second in the Lake Erie Meet.

ALLEN NEFF-Al was a better freestyle swimmer than average, but somehow he slipped in the District Meet and failed to place in the 50. He was on the

winning medley relay team, but it was disqualified, which finished Al's activities for the season.

ERNIE WALLIS—After a successful scasco, in which he never failed to place, but just missed to see out Lamb, Wallis almost won the team state title for Lakewood by finishing third in the state meet.

JIM KINGSLEY—Becoming eligible at mid-term, "Bud" provided the team with its most dependable freestyle swimmer in the 220 event. He steadily improved his time, and climaxed the season by next out Macklem of Canton, who had previously beared him, to win the state title in his event

DON SMITH—By steady, hard work, Don worked up from a mediocre performer to one with ability, and placed third in the Lake Erie Meet. The competition in the district event was too strong, and he was nosed out.

CARL ROBINSON—Carl had a good enough season until the District Meet, where he was unfortunate enough to swim in a slow heat of the preliminaries. He was nosed out of the finals by one-fifth of a sure ond. His best performance was in the Lake Excellengue Meet, where he nosed out Lorain's star, Kohlmey r

when called upon to fill Bill Cannan's vacancy lies warm the 220-yard dash until mid-semester, when he forced out of competition by ineligible.

HUBERT HORGAN—One of the mainstays of the team, and a man whose loss will be felt next year. He was unbeaten in the breaststroke event until late in the season, when Bill Robertson and he would take turns winning their event. At all times he put up a fight and gave his best, which was always good.

LLOYD DUTCHER—Lloyd's work in the breast stroke during the season was almost if not equally as good as Horgan's and Robertson's, but he was unfortunate enough to leave before Fisher had touched the wall in the medley relay in the District Meet, disqualifying the team.

CHARLES BOYLE—After a slow and poor start, Boyle picked up in speed and was a member of the winning freestyle relay team in the Lake Eric Mect.

HAROLD BROWN—A sure star on any ordinary team, Hal was overshadowed by the brilliant work of the other men, but three years of hard work and steady plugging in the face of these difficulties earned him his letter.

ROYLE

FTER a season of duel meets more successful than any other in the team's hitsory, Coach R. W. Linden's crowd of swimmers fell before the demon of long-delayed bad luck in the shape of disqualification, and were nosed out of their third straight state title by one lone point.

Mr. William J. Cockayne, formerly coach, and now faculty manager, arranged an extremely difficult schedule of 10 dual and three group meets. West, West Tech, East Tech, Canton McKinley, Rocky River, Canton McKinley again, Cleveland Heights, Shaw, Lorain, and Elyria were met in the dual encounters, and all were defeated.

The second Canton McKinley meet was of these the most exciting, It was necessary for the Lindenmen to come from far behind to defeat the red and black by four points. The score was 38-34.

Other close dual meets were the first one with Canton, and that, for the dual meet championship of the Lake Erie League, with Lorain. The first was won by a score of 45 to 30, and the second was in doubt till the last event was finished. Had Lorain won this, the meet would have been tied. The purple won the event and the meet, 37 to 27.

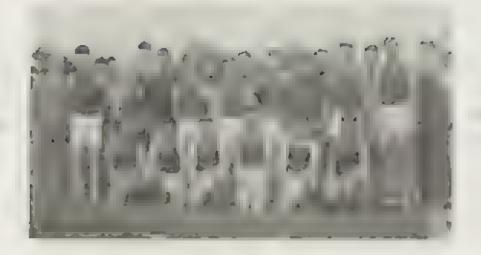

Most of the dual meets, however, were very easy. In those with East Tech and River, Lakewood took every possible place. The River score was 58 to 6, and the East Tech one 62 to 13.

The annual Lake Erie meet was extremely easy—the purple taking all firsts except one, and winning by a large margin over Lorain, in second place. In the Northeastern District Meet, to qualify for the state championship finals, Lakewood was disqualified in the medley relay, and lost out to Canton McKinley by a 26 to 20 score. The other teams followed close behind.

Although this was a tremendous blow, the six men placed in the state finals put up a great fight, and for a while during the state meet, held before over 500 people in Lakewood's pool, it seemed that they would win out. Although their captain and star diver, Ed Lamb, failed to place as was expected, Erme Wallis exerted himself to make up for it and finished third.

Firsts and seconds by the others brought the score to 20 points in Lakewood's favor with but the 100-yard freestyle and the medley relay yet to go, and with the other schools well behind. But Lakewood had no one in either of these; a last place in either would have tied or won—but Cincinnati Hughes won both and the meet, bringing their score from 12 to 21—and Lakewood had 20.

Even with this tough luck they were a great team—and they deserved the support they got, and more of it. In addition, Faculty Manager W. J. Cockayne should be commended for his untiring efforts and eventual success in bringing the state meet to the Lakewood pool.

Cornealmen Runners-Up for State Championship

DICK WOMER (Captain)-B. . . . GEORGE DADD-Another contestant for a place in the Hall of Fame was "Lazy," who finished a brilliant season in which he broke the tape many times by running the 100 yard dash in 10 seconds.

LEONARD AMMERMAN-Still another runner in the national spotlight, "Len" was on the medley one and two-mile teams at Philadelphia and the mile and two-mile teams at the Ohio State Relays

JACOB LEVINE "Jake" did good work in the mile run during the sping. Although his name was never in the headlines, he worked steadily and ended the season with a second place at the Lake Erie League

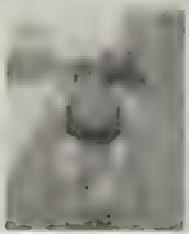

KINN SMITH During the Lakewood relays, Kennan gave a great performance in the one and one-half-mile relay. His work in the half-mile was up to the purple and gold standard, too.

HARVEY SMITH—Harvey also was a member of the national championship medley and two-mile relay teams and the Ohio State Relays mile and two-mile teams. He won his section of the quarter-mile runs at the C. A. C., Lakewood, and Northeastern Ohio meets, and placed fourth in the State meet.

WARREN BLANKE—Only a sophomore—but what a sophomore! Warren is probably the best hurdler Cleveland has ever seen. He got off to a slow start at the beginning of the season, but he climaxed a spectacular rise to prominence by finishing a good second to the national high school champion hurdler in the state meet at Columbus.

FRANK WHITE—Frank, a newcomer to Lakewood, proved a most capable under-study to George Dadd in the 100 and 220-yard dashes. He should be a star runner in the next two years.

IVAN PERVO—This wearer of the purple and gold cagle was another to step into prominence because of his work at the Philadelphia and Ohio State Relays. At "Philly," Bud was a member of the national championship two-mile team, and at the Ohio State Relays he ran on the championship one and two-mile teams.

HERMAN WINGER-Herman was a newcomer on

the purple track squad, and failed to place in any meet. Although his work was overshadowed by Blanke's brilliant performances, it earned him a welldeserved letter.

GORDON REILINGER — "Gordie" experienced very successful season, which was topped by his election to the track captaincy. He was a member of the championship two-mile team and also the third-place mile team at Penn.

STEPHEN HORVATH—"Steve" was one of our dash men and bucked up against some stiff competition right here at Lakewood. He was never a star, but worked hard and gave all he had.

MacINTOSH

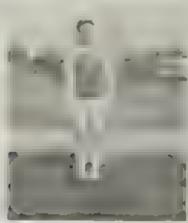

ALAN HAUCK "Al" was another hard worker who soon won his letter by his persistance. He provided a thrill in the C. A. C. meet by leaping over several fallen runners and coming from last place to first in the 880-yard relay.

DONALD CROWE—Don spent most of his time on cross-country running. He gave, however, some nice exhibitions in regular meets. Although he did not score many points, he was deserving of his letter,

WILLIAM MalN FOSH-Bill, too, failed to place in

most of the meets, but his work is promising, and he should develop into a good broad jumper in the next two years.

KINSMAN LAMB—"Kimmy" was practically the only pole vaulter we had. He never attained the state championship which Bolton acquired several years ago, but managed to place in most of the meets in which he took part.

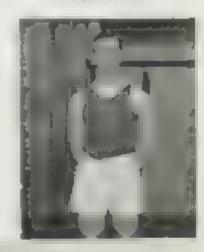

HOWARD WHITELY—It was up to Howard to fill the difficult position left vacant by John Barth. In the high jump at the C. A. C. Meet, Howard reached five feet and seven inches, but failed to place. His only scoring occurred in the Lake Erie League Meet

DALEY GREENWELL—Daley's best work was at the Defiance College Relays, where he placed second in the half-mile run and was a member of the second place 880-yard relay team.

EDWARD BRIGHAM—Ed encountered some very stiff competition at the distances, competing against men of the caliber of Smith and Womer. However, his work should be commended.

Cross-Country Squad Wins State Title

HARVEY SMITH (Captain)—It is almost impossible to adequately describe the excellence of Harmonian work in cross-country running. He finished for in the Gordon Park meet even though he was misslead. In the state meet at Columbus, where he won, he bettered the old record by fifty-two seconds.

BORIS LEVKANICH—Like the other purple runners at Gordon Park, he was misled and won his fifth place only by great effort. At the beginning of the race at Columbus, Boris was very ill, but even then he outdistanced many fine runners for a fourth place.

JACOB LEVINE—"Jake" finished sixth in the race at Gordon Park. Several of our runners were directed onto the wrong branch of a forked road by mistake, so that they are to be applauded for coming in so near the head of the list. In the Columbus meet "Jake" was sixteenth.

GORDON REHLINGER-With an aukle such as most people would nurse with care, "Gordie" entered both the Gordon Park and Columbus races and managed to place twelfth and fourteenth, respectively.

HAROLD MOBLEY—Harold was a newcomer who greatly added to Lakewood's fame. He finished tenth at the Northeastern Ohio meet and twenty-eighth in the Columbus race.

N many respects the 1929 track team developed by Coach George D. Corneal was the most successful of all those he has turned out in his stay at Lake-although its work toward the close of the season was somewhat disappointing.

The outstanding work was done by the relay teams. After taking all three relays at the Cleveland Athletic Club Meet, which Lakewood easily won for the sixth consecutive time, Coach took five boys to the Philadelphia Relays, the largest track meet in the world, if the Olympics are excluded. Here they won the medley relay in world-record time for high schools, won the two-mile relay for the second consecutive time, and placed third in a very close one-mile relay event. No school, in the long history of these relays, has won as many places.

On the same day, Faculty Manager T. P. Gies took the rest of the team to the Defiance College Relays, where they placed third. The following week, the relay teams went to the Ohio State Relays, where they won the two-mile relay, the mile relay, and placed third in the half-mile relay. Blanke, rapidly improving under Coach Corneal's teaching, placed fourth in the 120-yard low hurdle event.

The Lakewood Relays, the largest high school event of its kind, was more successful than ever, although Coach withdrew his best men to provide competition for the other schools. An attempt to break the world record for the two-mile relay failed because of the very high wind. The following Saturday, the purple easily captured the Northeastern Ohio District title.

The disappointing meet of the year was that for the state championship at Columbus. Lakewood's runners made a surprisingly poor showing and placed second to Columbus Central. Weakness in the field events was the main cause. The season was triumphantly ended with a smashing victory over the rest of the teams in the annual Lake Eric League meet at Rocky River.

Baseball Squad Is Second In League

JOHN SUTTER (Captain)—Johnny started the season at first base, but later he filled the pitcher's box. Both jobs were well done, and he was the most dependable hitter on the team. His best work occurred in the one-hit victory over n ky River while he was pitching.

WILLIAM BYRNE—When he was eligible, Bill played a sterling game behind the plate. Low grades kept him out of several important games, and his absence was a decided handicap to the team at these times.

CLIFFORD TUNBERG—When Byrne was unable to play, "Whitey" took his place as catcher. Because of his inexperience his work at times fell short of standard, but when he develops his power at bat, he will be a valuable man.

GUSTAVE STANKO—"Gus," who was Ceach Ross' only regular at the keystone position, played a steely game in the field, but failed to star at the plate. Hobest work occurred in the game with Rocky River.

JOE KRAYNAK—The shortstop position was ably filled by Joe, who played a consistently good game. He did better in the field than at bat, though his work in both left little to be desired.

RUDY BARTA - Rudy played his usual steady game at the "hot corner." and his work there silenced all who claimed that his glasses would handicap him His most outstanding performance at the bat was a long home run in the first Shaw game.

MICHAEL SABBATH - The left fielder, who went by the name of "Mike," played a remarkable game. His batting average was of the highest, and his fielding was well nigh perfect at all times.

FRANK FEIKLOWICZ—In his first year at Lakewood "Fake" easily won a place in center field. There is no need to say he filled his position perfectly. His batting average was well over .300. He made Lakewood's one hit in the second Elyria game.

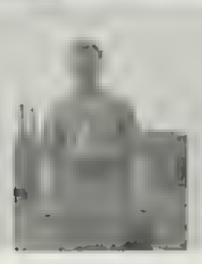

THOMAS HAWKINS—"Tom," another sophomore, won a place at right field by his hard though rather infrequent hitting. His fielding was good, especially when one considers that he played on Lakewood's rather bumpy right field, with the sun in his eyes.

PAUL RUNIONS—Although not a regular, he turned in several spectacular games. One of his best efforts was the one-hit victory over Rocky River

RUNIONS

AKEWOOD'S baseball team, again under the tutelage of Jerry Ross, had a very successful season, finishing in a tie with Heights for the runner-up position to Shaw's championship nine. The team fought hard throughout the season, as the final statistics show. They lost but three games of a hard schedule of 12, and two of these were to the slugging red and black aggregation from Shaw. Shaw in these two games showed their superiority by their decisive victories, and played like a machine during the whole season.

In the opening game the boys defeated Garfield Heights, 8 to 5. Cleveland Heights was the next victim, falling before a mighty onslaught of Lakewood bats, and also were held to only one hit by Neitzel, losing, 11 to 2. Lorain was the next scheduled game, but they failed to show up for some unknown reason. Elyria then gave us a real scare when they almost defeated the team on their own field. The boys fought an uphill battle all the way, finally defeating them, 10 to 9.

Shaw stopped Lakewood's march with a 16 to 5 pasting on the East Siders' field, when four Lakewood pitchers failed to stop their slugging buts. Next, Rocky River came to Lakewood to take a 10 to 1 mauling. Runions yielding but one hit. Heights fell for the second time, 10 to 8, with Sutter in the box, but Elyria almost destroyed Lakewood's title hope with a 5 to 1 beating, in which Feiklowicz got the Rossmen's only hit. Rocky River was murdered in the next game, 27 to 0, Sutter yielding but one scratch hit. Lorain lost its second game to Lakewood in a slow affair. The score was 9-5. In the last game of the season, with Shaw, the locals took another walloping, 15 to 4. Had they won, the title would have been theirs, as Heights had won a surprise victory over Shaw.

During the spring season, the work of Sutter, Neitzel, Feiklowicz, and Sabbath was outstanding.

Just put yourself into the water, give yourself a shove, and you'll float. No, I won't let you go. Yes, I'll hold you! About twenty girls, all of whom have passed their life-saving tests, meet once a week with Miss Anderson to learn the principles of teaching and analyzing swimming or diving.

Tennis

Every night the courts are filled with girls, good players and poor ones, running, serving, and jumping. Beginners labor in the heat or cold every night, under the direction of Miss Dolloff and Muddy Ehlert. Tournaments? Yes, indeed. Mary K. Snyder and Margaret Beckett are the doubles champion.

Volley Ball

A jolly crowd it was Open House Night when the seniors and the juniors played their championship volley ball game. The whistle blew when the score was 50 to 30. The seniors who lorded it over the juniors were Captain Rita Foster, Mae Reid, Verne Zubricky, Jo Niklas, and Catherine Cunningham.

Archery

Right in the eye! Shouts of joy come from everyone whenever an arrow finds its goal; and there are plenty of good archers, as the marks on the target will testify. In addition to a very fine equipment provided by the school, there is a bow owned by Evelyn Lucas that came from a South Sea Island. Here's to the success of this new sport.

Baseball

Is our baseball successful? How could it be otherwise with such pitchers as Katy Ricksecker and Margaret Mulac, with Verne Zubricky or Pat Graves hitting the ball far into right field? The juniors under Captain Ehlert were invincible. They took first place for the season by winning all their games.

School Life

. . . . All Together Now

School Life

Whether we are trying to prove a point, or simply to illustrate, the School Life Section is presented to show that "School Life Ain't What it Used to Be."

Imagine the school of twenty years ago. One learned "readin', writin', and 'rithmetic'—and nothing else but! Everything and everyone was staid, steady, and uninteresting. Expressions of humor were squelched—so to speak.

In the present day, friendships formed in classrooms are more solidly bound together by the track, gridiron, stage, or diamond. It is as if two granite blocks were placed together without cement. Obviously, they would not be as solid as if cemented together. Thus, school life is the cement which fastens friends together forever. Long after books and classrooms may have been forgotten, there is still a rememberance of the social activities. One cherishes thoughts of this picture, and of that friend.

This is, of course, the idea of association of laughs with school work. This is the frosting of humor on a cake of routine.

The School Life Section is now presented; its highest hope is to make its readers enjoy the variety, and to establish the thought—

"School Life Ain't What it Used to Be"

YES, WE HAVE NO SNAPSHOTS

Suspiciously like seniors they were! They went around to people, first courteously asking, then wheedling, then doggedly, and finally threatening. After a time, they received with open hands packages of—something. These they carried away, handling them carefully, as though they were cruntold preciousness. Re own g' Huzzas! Cheers (what else have you') were in order.

One guess was enough! They WERE seniors, and they WERE on the Cinema staff. What they were designated to get, and determined to get were snapshots. It was the curse of their life. No longer could they go about thinking of excuses why they did not have their home work. They must get snaps—snaps—snaps! And when they did——?

After the final pasting, only about the fifth or sixth time, with five or six different snaps in each place, everything was fine. It was a pleasure?

Then there was sublime content. The skies were again blue. There was no hideous curse of black and white pictures floating before one's eyes during the night. Algebra did not take the form of pictures. If there is one word that will set a Cinema staff member raying, or running wildly down the hall, or cutting paper dolls, finally, that word is—snapshots!

No coach, and no training rules! Is that, perhaps, the reason for the sacess of the facility lowling team? Although there is not a coach. Mr R W Landen plots the bowling team, and does so as successfuly as he trains the swimming teams.

Even though teaching and harding est permits is not considered so difficult by the students, there is, however a need for recreation for the teachers, and bowling provides this.

Last year was the best, for the loca's finished fourth in a large leng to composed of teachers of Greater Cieve and high schools. The team kept its place at the top until after meeting the John Adams quantet. They lost three out of three games to the East Sale teachers, which pailed them to fourth place, and thus they finished John Adams was first and the Collinwood "A" team second.

Not satisfied with fourth position, however, the locals had to gain more fame by finishing with the best average score per game, 169.

Mr. R. W. Linden, who piloted the team, was also a member of the allstar team of Ceve, and tacasty towlers which do eated a similar team from Buffalo.

She is nurse to the sick, adviser to the needy, and friend to everyone. She is loved and respected to all—er—oh—pardon me—who? Why. I mean Miss Charlotte Thompson, our school nurse.

Each morning she enters her clean, immaculate hospital room and dons her pure white, starched nurse's amform. Her life the whole day long is devoted to the concern and care of the students.

However, this is just the Miss Thompson that we see each day. An entirely different one is seen at home every night. She devotes her time to her ye mg bleces and nephews. She loves children, and for these children she will stard in a hot, stiffy kitchen in summer and fix a premic lunch for them to have out in the cool shade of the big tree in the back yard.

Then to touch upon Miss Thompson's weakness—well, it's just one thing horses She loves then too, and spends a great deal of her time with them. THE ARK HAS LANDED

As a newspaper reporter would write it:

The Data Baa has made a scoop with the news of the landing of the ark Captain North was undecided as to when or where he would land, but maily decided he would fire Mount Arat. In an exclusive statement (copy) North says, "Lot ew Lee du do it, Maybe folks won't be so gol darned sure about the weather after this. When my terms began to nurt last. Let's see, was it Tresday in Weimesday! I says to Minnie, I says "Yep, we're gonna have a right smart spell of rain in about three days."

As a Scotchman would write it (in a telegram):

Dear Ma: Noah landed. Papa.

OUR CUSTODIANS

Benind every good show there is a well trained, efficient stage manager. He does none of the acting, but has the care of the scenery and other stage equipment in his hands. It is said that "good machinery runs shently." Perhaps this is the reason why we never hear of our custodians, who can be likened to the stage manager.

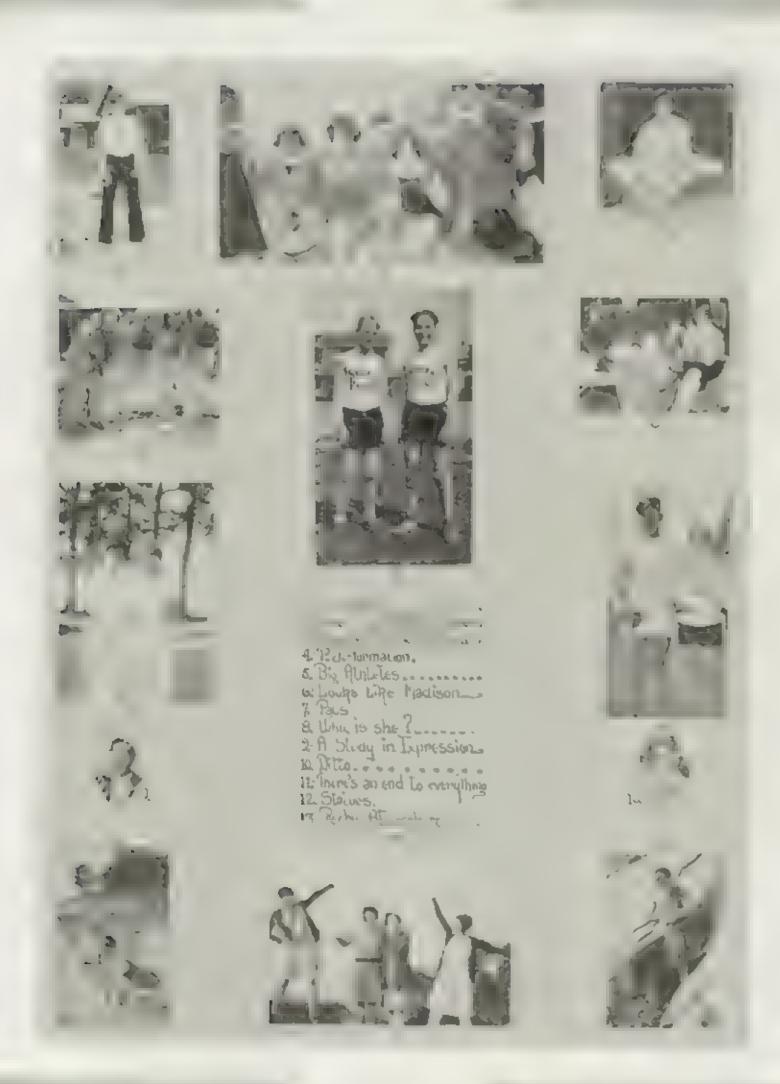

No one ever stops to wonder why the windows are so clean. No one ever steps to think who fixes the desks that have been broken. It is taken as a matter of fact that they are fixed.

If the acters decide not to go on the stage, of course, the stage manager's work is Indexed. The same condition prevails in Eakewood High. The castomars really like the stadents and try to get along with them in the best marker. Joe Mand, the head custedian, says, "Co operation from the students is what the customans want." Few of the people stop to realize the little courtes as which the familiars perform. Is there anyone who has not been he ped by having the customan open the door of the women's or men's buildings?

On Finday evening, the students rush off in a heat of anticipat on of the week-end. It is in Saturday that the work of mending broken fixtures and desks is begun. There is an orgy of scribbing, of cleaning windows, and behold! on Monday morning, how clean Lakewood High looks.

There are shifts of eight hears each, and to be free on Sinday from the ever present duties, a custodian must work sixteen hours it stead of the usual eight.

THE STADIUM FROM THE AIR

AGAIN THE FAMILY

The trouble with the average family is that it simply has no sense of values. It can't understand the difference between indifference to conventions and indifference to ideals. It can't understand how anyone who isn't absolutely tagged and ready for delivery to Satan's Kingdom can break the third commandment, even in pain.

For example, Mamma happened to be near by a door which slammed on Isabel's inger. It hurt her terribly, and no wonder she exclaimed a lew picked "What Price Glory" words 'Mamma's manner could really have been used to cool the ice box, and Isabel is banned 'I defended her—of course I did But no use 'That a well bred girl could after a ach words, no natter it it was in pain, is beyond Mamma's beyondest understanding.

"Plane Geometry, then . . . "

The first propositions in plane geometry no doubt haunted the dreams of your early high school days. But now they seem simple.

Then came solid geometry, and maybe "trig.' Looking back, you conquered them, as well.

But the answers to a problem in "trig" could not be found in a geometry text-book. New problems demanded new solutions.

And it is the progressive training such as you have been getting in the academic world that will equip you to answer the more practical problems of your post-academic days to come.
